

# TITAN DK2500 EEK

Narrow overedging on praying mats.

## APPLICATIONS :

Special machine to sew a narrow overedge on praying mats or on high quality woven carpets.

## SPECIFICATIONS :

- Speed : 2800 stitches/min.
- Available fixed stitch widths : 5,5-6-7-8 mm.
- Standard : Includes Pile Pusher and Knives.

## OPTIONS STRONGLY ADVISED :

- CP/DK 2500 pneumatic pressure foot and tension releaser.
- RPE/DK 2500 external density adjuster to change number of stitches easily.
- DK 2600cv : puller with pneumatic opening.
- DCD : cutting device.
- BW/DK 2500 : blower device for high-pile

## SUGGESTIONS :

- For low pile carpets we advice the same model, but without the pile pusher : Model TITAN DK 2500EE (2 threads) or DK 2500EE/3 (3 threads).
